Sharekey®

The Swiss Collaboration App for Business Privacy

The solution for Executives, easy to use.
Share confidential information, negotiate, approve.
Inside and outside your organisation.
Anywhere, anytime, any device.

Fact #1

Your business has become "liquid"

DATA IN CLOUD

AGILE TEAMS

QUICK DECISIONS

INTERNAL & EXTERNAL

REMOTE WORK

Do you have solution for it?

We have designed a solution for Top Executives,
Board Members, Legal & Finance Professionals
handling their most sensitive conversations and data.

Fact #2

Your confidential information is **not safe**

MALWARE

PHISHING

CORPORATE ESPIONAGE

DATA MONETIZATION

CYBER-ATTACKS

It's high time to make your business private

Your corporate computers can be hacked through phishing, malware and cyber attacks. Your network is constantly being monitored. Big Tech hosting your data is tracking your actions and monetizing your corporate data.

Fact #3

Data explosion
is a ticking timebomb for the environment

In 2019, Cloud Computing produced as much CO_2 **as the entire airline industry**

90% of the world's data was created **in the last 2 years**

Recent reports place the electrical consumption growth-rate at between **+2 to +8% annually**

We need sustainable IT tools

We need Green IT. Software platforms built with obsessive efficiency and frugal infrastructures. Systems eliminating excessive and unnecessary data with a focus on what matters: getting business done, respectfully of the future.

In Sharekey, your sensitive conversations are secure and private

Sharekey empowers Top Executives to handle their corporate matters privately and adapt to the new business paradigm: a decentralized, fast-paced, digital, «liquid» way of working.

ALL-IN-ONE APP

Easy to use
Single account
Multi device
History sync

APP-TO-APP ENCRYPTION

256-bit crypto engine
Decentralised encryption keys
Sharekey blind to all data

SWISS PRIVACY

Swiss & EU shareholders
Swiss cloud storage
& Privacy laws
EU GDPR compliant

NO BACKDOOR

NO TRACKING

### NO CLOUD ACT

Swiss Alternative
Protecting European Business Privacy

From simple Email to
App-to-App Encryption (A2AE)

UNENCRYPTED EMAIL

Your message is **accessible** both on your device and on the unsecure web.

END-TO-END ENCRYPTION

Whatsapp, Teams, Slack, Dropbox,...

Your data is being **monetized** by Global Big Tech firms.

APP-TO-APP ENCRYPTION

Sharekey is **private and fully blind** to your activities. Your data is secure from the moment you type in the app, to the moment it is read in the app by your recipient.

We encrypt everything to disclose nothing.

Do more, faster & confidentially **with Sharekey**

Share your key wisely and...

- **Lead negotiations. Finalize decisions.** Communicate only with authorized individuals in absolute confidence.

- **Protect your company's interests,** manage externals and any exposure to your trade secrets.

- **Create a private link** with your Clients & Partners, from anywhere to anywhere.

- **Manage** your multiple investments, projects or teams independently.

Connect & manage external communication

Sharekey enables large corporations, small teams and micro-entrepreneurs to manage their communication and data sharing with all external stakeholders in a highly secure and confidential manner. You can add as many contributors to your channels or safe as needed, and keep control over what files or discussion they have access to.
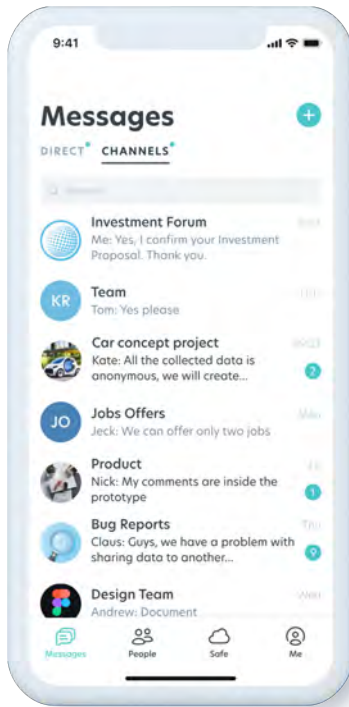

Engage 24/7 with your Clients & Partners

**Manage access by sharing & revoking keys**

Access your business cockpit & reports anytime

# All-in-One for Business, easy to use
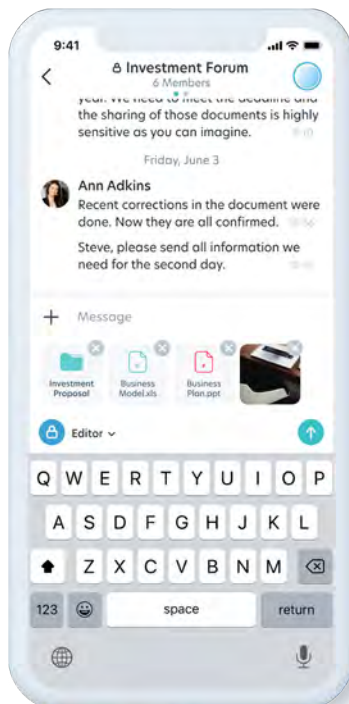

## Messages & Channels

Voice & Video

Files & Folders

Share & Control

Share With Link

Share Key first
Minimise Carbon Emissions

Green by Software Design

Share key first, instead of multiplying file transfers blindly in traditional email and messenger applications.

100% Swiss Renewable Energy

Energy-efficient servers and network infrastructure that is powered and cooled by hydroelectric energy.

No Data Analytics

All data is encrypted. Sharekey's cloud cannot associate metadata or tracking analytics, avoiding additional energy consumption.

Energy cost of data transfer and storage:

Saving with Sharekey in energy vs. email and traditional messengers when sharing files:

7 kWh*/GB

Save up to 60%

* Following a Carnegie Mellon University study

Reduce your company's carbon footprint with Sharekey

Because today it matters to everyone, from shareholders to customers.
